

Transportation Governance and Funding Task Force

A History of Transportation Planning at
Mountainland Association of Governments

Presented by Andrew Jackson, Executive Director
May 16, 2017

Association of Governments in Utah

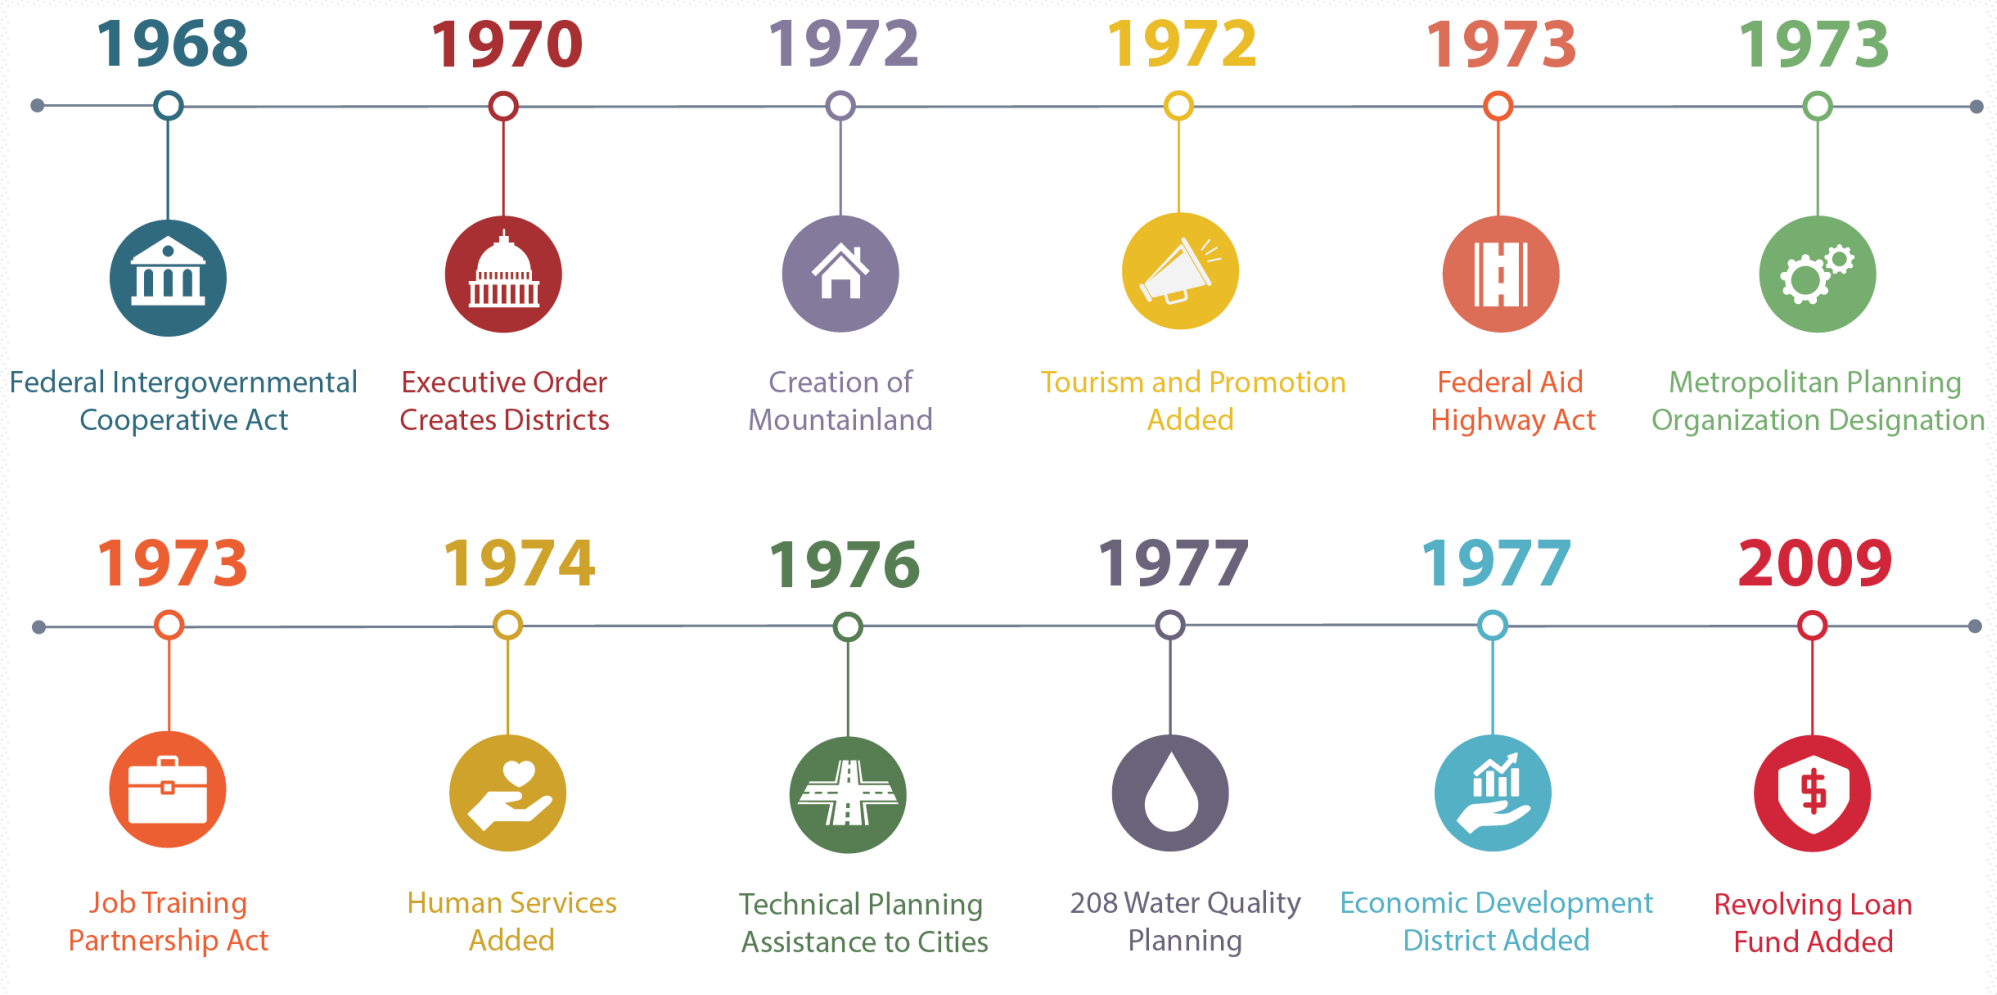

Governor's executive order created regions to:

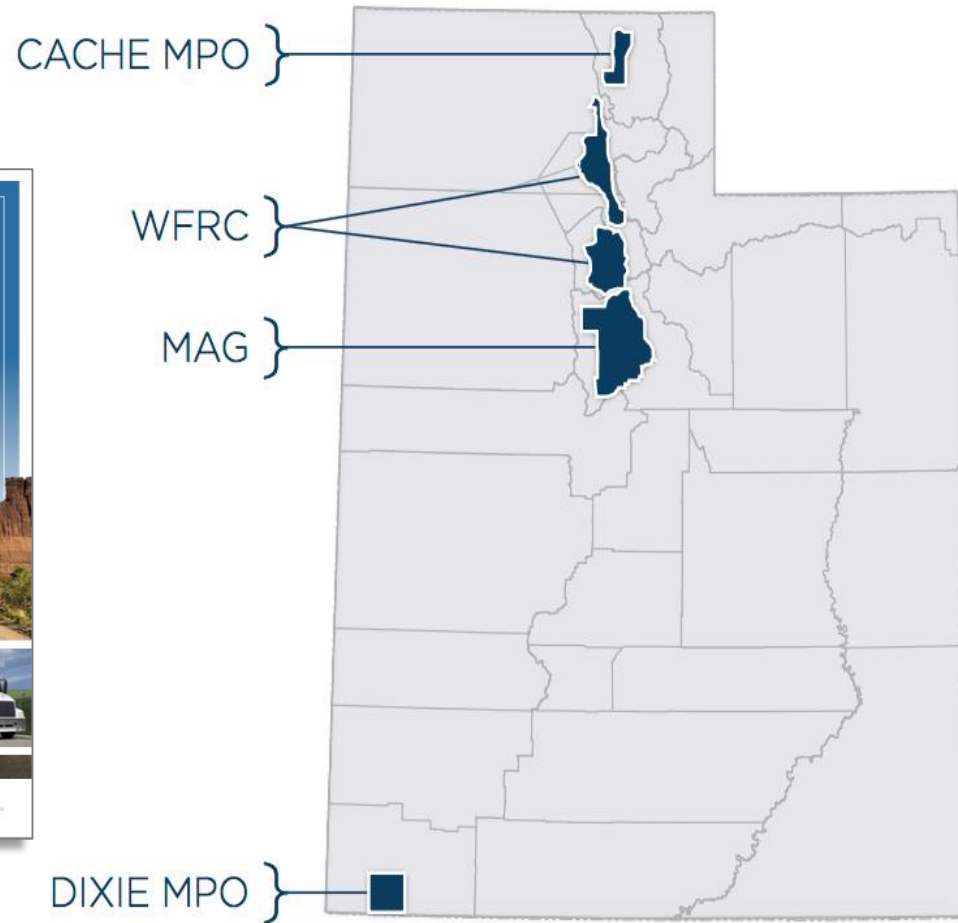

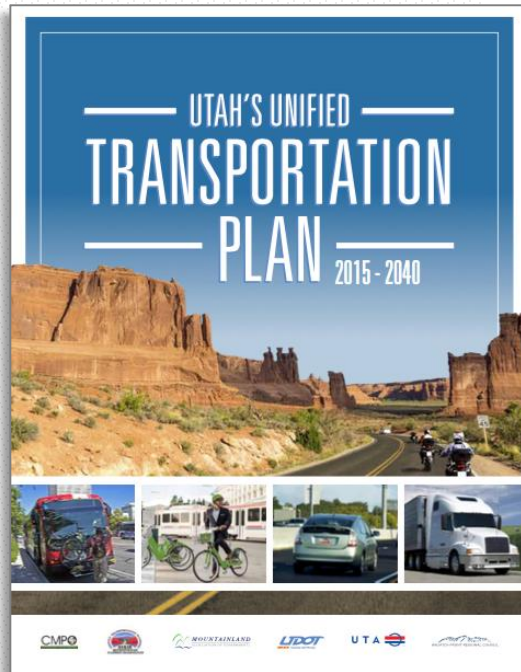

- Coordinate state plans and programs
- Coordinate federally sponsored programs at sub-state levels
- Strengthen the role in the execution of state and federal programs at the local level
- Provide consistent framework for planning and admin
- Eliminate overlap and effectively use the State's resources

While the Governor created the boundaries, the interlocal agreement between cities and the counties created Association of Governments.

History of Mountainland AOG

Transportation Planning & Programming

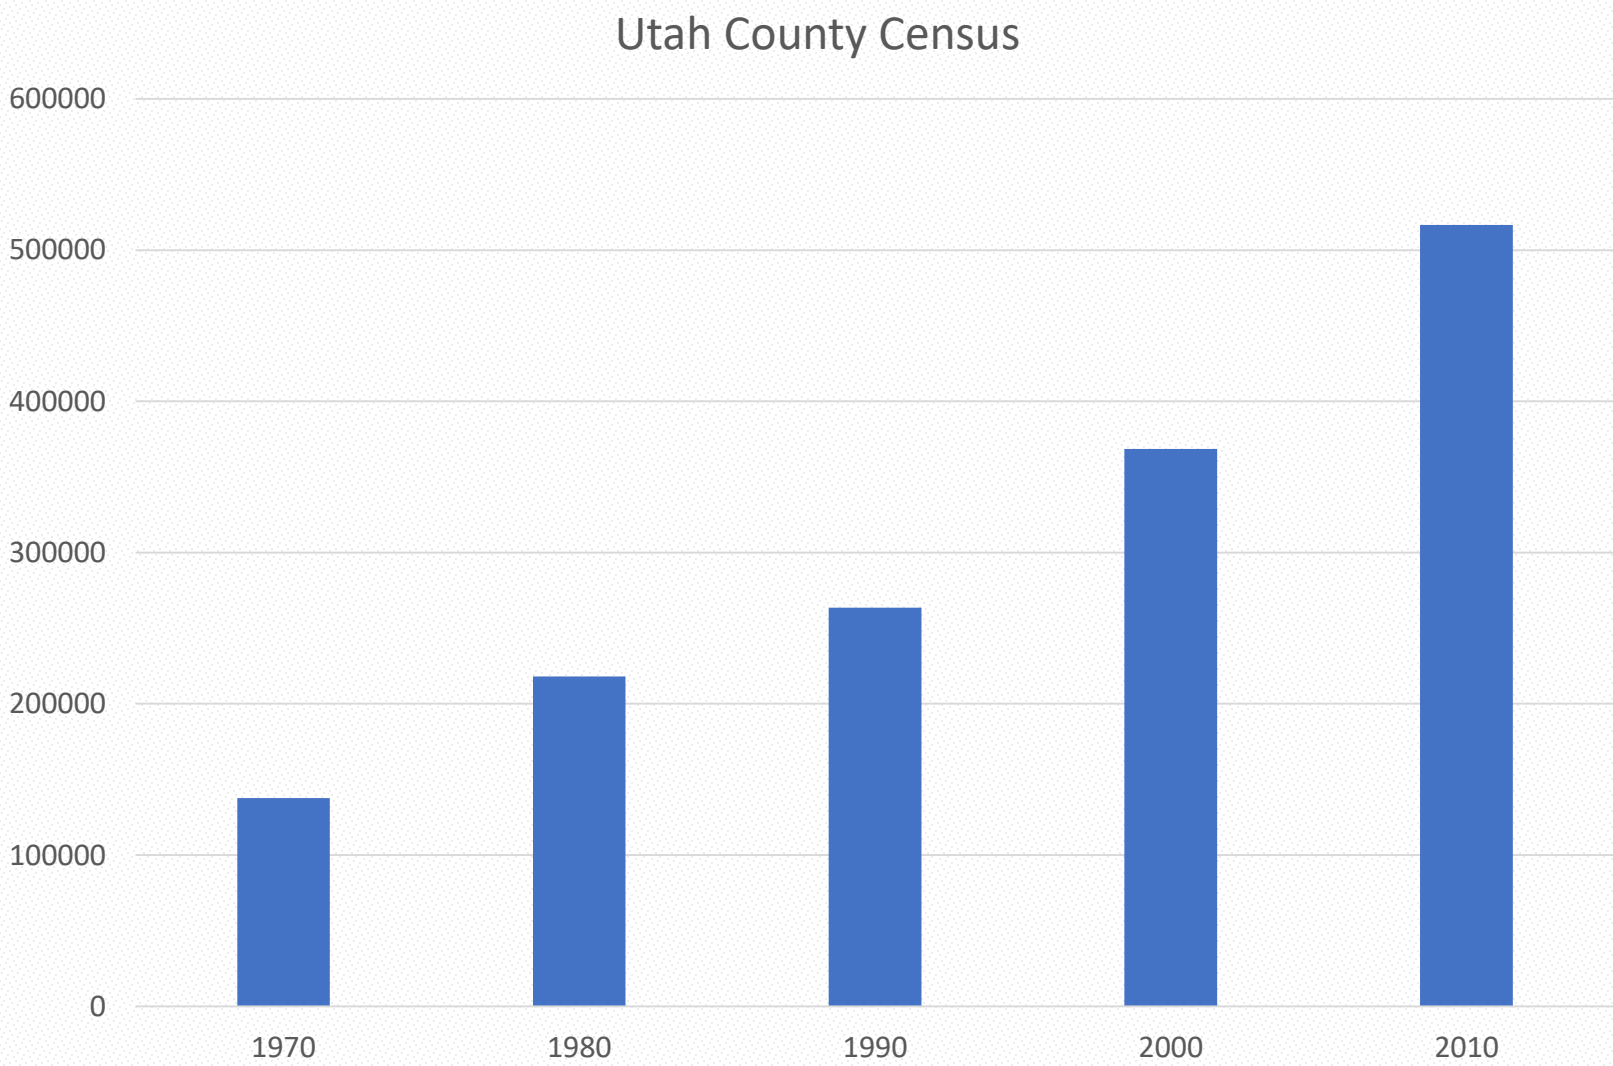

Local Funds to State Projects

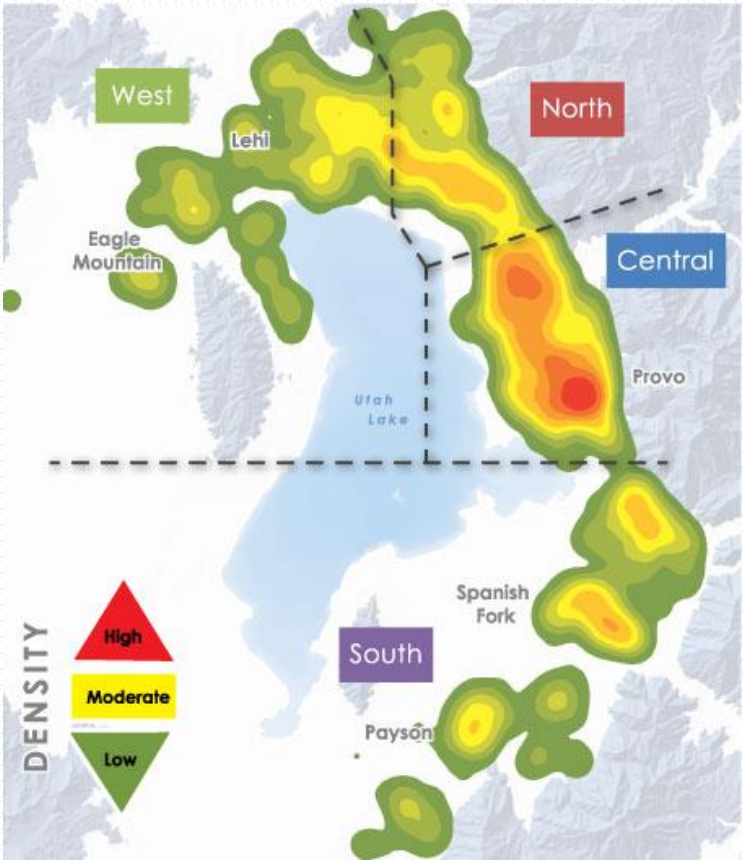

In the last 10 years, MAG spent \$180M on State Roads and \$515M on transit projects, using LOCAL sales tax dollars.

- \$65 M – 15 CORE
- \$20M – Geneva Road (SR114)
- \$56M – North County Blvd (SR129)
- \$30M – Pioneer Crossing (SR145)
- \$450M – FrontRunner So.
- \$65M – Provo/Orem BRT
